

Get Ready!

Valley Oak Children's Services

Lynn Haskell, Behavioral Health Specialist
Beth Wattenberg, Behavioral Health Support Specialist

The Get Ready! program is designed to increase school readiness by decreasing inappropriate behavior when it first starts, strengthen social skills and self-control and increase early reading skills, school engagement and school readiness. There are three components to the program:

The Incredible Years Classroom Management Program

- Training for early care providers tools to address and prevent behavior problems, promote social competence and engage parents in their children's early learning

Second Step Curriculum

- Curriculum for children to strengthen social/emotional skills and decrease behavior problems in the childcare setting

Woven Word

- Train childcare staff to teach this curriculum to children in order to teach emergent literacy and social and emotional skills
- Introduce parents to Woven Word and participate in home link activities
