

## THE SMARTEST CARD IS @ YOUR LIBRARY: GET IT, USE IT AT BUTTE COUNTY LIBRARY

September is Library Card Sign-up Month, and the Butte County Library invites the public to carry the smartest card of all - a library card.

Library cards are free, and in celebration of Library Card Sign-up Month, there will be no charge for replacement cards. Cards may be used to borrow items at any of the six Butte County branch libraries. Branches are located in Biggs, Chico, Durham, Gridley, Oroville, and Paradise.

Butte County Library offers books, magazines, newspapers, audio books, movies on DVD, music on CD, public internet stations, WiFi, access to a variety of informative databases, professional librarians for reference assistance, circulation staff dedicated to customer service, and much more. Story times are offered weekly, and special events for children, teens and adults are regularly scheduled. Butte County Library provides a variety of programs to stimulate an interest in reading and learning, and works in close cooperation with the Butte County Library Literacy department. It's all free @ your library, and library cardholders know that a library card is their ticket to a world of opportunity.

Does your child have his/her own library card? Studies show that children who are read to in the home and who use the library perform better in school and are more likely to continue using the library as a source of lifetime learning. Be sure to include a Butte County Library card when getting your child ready for back-to-school.
