

# REBUILDING A HOME?

Funds are available for energy efficient construction in 2020

## Advanced Energy Rebuild

The Advanced Energy Rebuild (AER) program provides up to \$13,500 per home in financial incentives to rebuild energy efficient new homes and accessory dwelling units (ADUs) after the Tubbs, Carr, and Camp wildfires.

## Which Properties Are Eligible?

AER incentives are available to all homes that were red-tagged by CAL FIRE in the 2017 or 2018 northern California wildfires and received service from Pacific Gas and Electric Company (PG&E), Sonoma Clean Power, or MCE.

**Site-built custom** or **production homes** that are permitted in 2020 under the 2019 Title 24 code are eligible to apply under the All-Electric and Advanced Energy Home pathways. Please contact your local permitting office or the AER program team for assistance in determining under which Title 24 code your project is permitted.

## What Incentives Are Available?

Incentives for **site-built homes\*** are available via two program pathways:

1	<b>All-Electric Home</b> (permitted under 2019 Title 24 code)
Build an all-electric new home to receive:	
> \$12,500 <b>base incentive</b> per home	
> \$6,250 <b>base incentive</b> per ADU	

2	<b>Advanced Energy Home</b> (permitted under 2019 Title 24 code)
Build a mixed fuel new home to receive:	
> \$2,500 <b>base incentive</b> per home	
> \$1,250 <b>base incentive</b> per ADU	

+	\$1,000 battery bonus for adding a battery storage system with a 7.5 kWh capacity or higher
---	---

The All-Electric and Advanced Energy Homes pathways require homes to reach a 1.0 Delta EDR or higher. Contact your certified energy analyst or the AER program team for more information or to discuss your project's eligibility.

*\*Incentives are also available for manufactured homes. View the manufactured homes flyer for more information.*

## We're here to walk you through the process.
