CHAPTER 34A OF THE BUTTE COUNTY CODE – BUTTE COUNTY MEDICAL
MARIJUANA CULTIVATION ORDINANCE

34A-1 Authority and Title. Pursuant to the authority granted by Article XI, section 7 of the California Constitution, Health and Safety Code sections 11362.83 and 11362.768(f), and Government Code section 25845, the Board of Supervisors does enact this Chapter, which shall be known and may be cited as the “Butte County Medical Marijuana Cultivation Ordinance.”

34A-2 Findings and Purpose.

(b) The intent of Proposition 215 was to enable persons who are in need of marijuana for medical purposes to use it without fear of criminal prosecution under limited, specified circumstances. The Proposition further provides that “nothing in this section shall be construed to supersede legislation prohibiting persons from engaging in conduct that endangers others, or to condone the diversion of marijuana for non-medical purposes.” The ballot arguments supporting Proposition 215 expressly acknowledged that “Proposition 215 does not allow unlimited quantities of marijuana to be grown anywhere.”

(c) In 2004, the Legislature enacted Senate Bill 420 (codified as California Health and Safety Code sections 11362.7 et
(d) Health and Safety Code section 11362.83 expressly allows Cities and Counties to adopt and enforce ordinances that are consistent with Senate Bill 420.

(e) The Federal Controlled Substances Act, 21 U.S.C. §§ 801 et seq., classifies marijuana as a Schedule I Drug, which is defined as a drug or other substance that has a high potential for abuse, that has no currently accepted medical use in treatment in the United States, and that has not been accepted as safe for use under medical supervision. The Federal Controlled Substances Act makes it unlawful, under federal law, for any person to cultivate, manufacture, distribute or dispense, or possess with intent to manufacture, distribute or dispense, marijuana. The Federal Controlled Substances Act contains no exemption for the cultivation, manufacture, distribution, dispensation, or possession of marijuana for medical purposes.

(f) The County’s geographic and climatic conditions, which include dense forested areas receiving substantial precipitation, along with the sparse population in many areas of the County, provide conditions that are favorable to outdoor marijuana cultivation. Outdoor marijuana growers can achieve a high per-plant yield because of the County’s favorable growing conditions.
The federal Drug Enforcement Administration reports that various types of marijuana plants under various planting conditions may yield averages of two hundred thirty-six (236) grams, or about one-half (.5) pound, to eight hundred forty-six (846) grams, or nearly two (2) pounds. Based on Butte County Sheriff’s seizures, yields in Butte County have tended to be beyond this range with three (3) to four (4) pounds of dried “bud” per plant being common. The “street value” of a single cannabis plant is substantial. Pound prices for domestically produced high-grade cannabis sold illegally within Northern California can range between one thousand five hundred dollars ($1,500.00) to three thousand dollars ($3,000.00). A single marijuana plant cultivated within the County can thus easily yield four thousand dollars ($4,000.00) or more in salable marijuana.

(g) Proposition 215 and Senate Bill 420 primarily address the criminal law, providing qualifying patients and primary caregivers with limited immunity from state criminal prosecution under certain identified statutes. Neither Proposition 215 nor Senate Bill 420, nor the Attorney General’s August 2008 Guidelines for the Security and Non-Diversion of Marijuana Grown for Medical Use adopted pursuant to Senate Bill 420, provides comprehensive civil regulation of premises used for marijuana cultivation. The unregulated cultivation of marijuana in the unincorporated area of Butte County can adversely affect the health, safety, and well-being of the County, its residents and environment. Comprehensive
civil regulation of premises used for marijuana cultivation is proper and necessary to avoid the risks of criminal activity, degradation of the natural environment, malodorous smells, and indoor electrical fire hazards that may result from unregulated marijuana cultivation, and that are especially significant if the amount of marijuana cultivated on a single premises is not regulated and substantial amounts of marijuana are thereby allowed to be concentrated in one (1) place.

(h) Cultivation of marijuana at locations or premises within six hundred (600) feet of school bus stops or one thousand (1,000) feet of schools, school evacuation sites, churches, parks, child care centers, or youth-oriented facilities creates unique risks that the marijuana plants may be observed by juveniles, and therefore be especially vulnerable to theft or recreational consumption by juveniles. Further, the potential for criminal activities associated with marijuana cultivation in such locations poses heightened risks that juveniles will be involved or endangered, therefore, cultivation of any amount of marijuana in such locations or premises is especially hazardous to public safety and welfare, and to the protection of children and the person(s) cultivating the marijuana plants.

(i) Public meetings regarding previous cultivation ordinances were well-attended by hundreds of Butte County residents. The majority of those present spoke out against the adoption of the proposed ordinance, Ordinance 4029. However, many
residents who live on smaller parcels in more densely populated areas indicated that during the marijuana cultivation season, the overpowering unpleasant smell of marijuana resulted in their inability to use their yards and required them to keep windows and doors shut in the stifling summer heat. Residents stated that they could not invite friends to their home to visit, barbecue outdoors or even allow their children to play in the backyard. Other residents indicated that the use of a swamp cooler during the summer months would actually result in the stench of marijuana being sucked into the residence. Adults and children with respiratory problems were particularly affected. Residents reported that marijuana grown in residential backyards results in an invitation to criminal activity for persons who would steal marijuana plants out of backyards. Some marijuana growers would live in a tent in their backyard, carrying firearms and utilizing guard dogs to protect their marijuana plants. Residents reported they were uncomfortable allowing their children to play outside in their neighborhood due to such dangerous activity. Cultivators of medical marijuana stated that they would not grow medical marijuana at their own residence to protect their children. For this reason, the growth of medical marijuana on smaller parcels is especially dangerous to the community, particularly children.

(j) As recognized by the Attorney General’s August 2008 Guidelines for the Security and Non-Diversion of Marijuana Grown for Medical Use, the cultivation or other concentration of
marijuana in any location or premises without adequate security increases the risk that surrounding homes or businesses may be negatively impacted by nuisance activity such as loitering or crime. The Butte County District Attorney’s Office has indicated that there has been an increase in crime/felonies involving marijuana. The Butte County Sheriff’s Office has indicated that over 150 calls for service in the past year have involved marijuana, including assaults and an attempted homicide.

(k) It is the purpose and intent of this Chapter to implement State law by providing a means for regulating the cultivation of medical marijuana in a manner that is consistent with State law and which balances the needs of medical patients and their caregivers and promotes the health, safety, and welfare of the residents and businesses within the unincorporated territory of the County of Butte. This Chapter is intended to be consistent with Proposition 215 and Senate Bill 420, and towards that end, is not intended to prohibit persons from individually, collectively, or cooperatively exercising any right otherwise granted by State law. Rather, the intent and purpose of this Chapter is to establish reasonable regulations upon the manner in which marijuana may be cultivated, including restrictions on the amount of marijuana that may be individually, collectively, or cooperatively cultivated in any location or premises, in order to protect the public health, safety, welfare and environment in Butte County.
(l) The limited right of qualified patients and their primary caregivers under State law to cultivate marijuana plants for medical purposes does not confer the right to create or maintain a public nuisance. By adopting the regulations contained in this Chapter, the County will achieve a significant reduction in the aforementioned harms caused or threatened by the unregulated cultivation of marijuana in the unincorporated area of Butte County.

(m) The purpose of this Ordinance is to provide a structure for a complaint-driven civil process to remedy nuisances related to medical marijuana cultivation.

(n) The Board of Supervisors adopted Ordinance 4029 on May 24, 2011. A successful referendum campaign was conducted against Ordinance 4029, which resulted in Ordinance 4029 being placed on the ballot for the regular County election held on June 5, 2012. At the election, Butte County voters failed to approve Ordinance 4029. By adopting this Chapter, the Board of Supervisors intends to reach a compromise between the interests of qualified patients who need access to medical marijuana and those who are adversely affected by its cultivation.

(o) Nothing in this Chapter shall be construed to allow the use of marijuana for non-medical purposes, or allow any activity relating to the cultivation, distribution, or consumption of marijuana that is otherwise illegal under State or federal law. No provision of this Chapter shall be deemed a defense or immunity
to any action brought against any person by the Butte County
District Attorney, the Attorney General of State of California, or
the United States of America.

(p) County staff has reported discovering many marijuana
gardens without any person responsible for the property on site.
Issues arising from unattended marijuana gardens, such as illegal
camping associated with cultivation, abuse of experimental well
permits and interim or non-permitted sewage disposal systems have
been reported by County staff. Thirteen (13) lawsuits involving
illegal grading have been filed by the County and in each case
there is no legal residence on the property. The Board has
repeatedly made very clear that it is their expectation and
requirement that all cultivation activities be conducted with the
upmost care, attention, oversight, protection and management
possible. Requiring cultivation to take place in conjunction with
the patient/caregiver/co-op grower's residence, in all
circumstances, is a reasonable means by which to ensure cultivation
is being done in line with those expectations and legal
requirements throughout the growing season. Requiring cultivation
in conjunction with a residence also supports the fundamental
principle that cultivation in Butte County is to be done by, and
for, Butte County residents, and is not meant for temporary or
transient cultivation activities.

(q) The original enforcement provisions, which were limited
to nuisance abatement and relatively low civil penalties, are not
adequate deterrents to violation. After a certain point in the
growing season, the current fine amounts are insufficient to
properly incentivize compliance. If the ultimate value of non-
compliance exceeds the value of compliance, the choice will
generally be to continue non-compliance. Higher penalty amounts
could result in a reassessment of that choice.

(r) The revised provisions contained in this Chapter are
intended to address the aforementioned concerns, and more
effectively control the harms caused by unregulated and
noncompliant marijuana cultivation, while still accommodating the
needs of medical patients and their caregivers to the greatest
extent practicable.

(s) In 2015, the California Legislature enacted Senate Bill
643, along with Assembly Bills 243 and 266, which, among other
things, established the Medical Marijuana Regulation and Safety
Act (codified as California Business and Professions Code sections
19300 et seq.). Business and Professions Code section 19315(a)
provides that “Nothing in this Chapter shall be interpreted to
supersede or limit existing local authority for law enforcement
activity, enforcement of local zoning requirements or local
ordinances, or enforcement of local permit or licensing
requirements.

A violation of any provision of this Chapter shall be deemed to be a public nuisance and subject to the enforcement process as set forth in sections 34A-12 through 34A-17 of this Chapter.
34A-12 Enforcement.

(a) The County may, in its discretion, abate the violation of this Chapter by the prosecution of a civil action, including an action for injunctive relief without first going through the administrative procedures set forth herein. The remedy of injunctive relief may take the form of a court order, enforceable through civil contempt proceedings, prohibiting the maintenance of the violation of this Chapter or requiring compliance with other terms.

(b) The County may also abate the violation of this Chapter through the abatement process established by Government Code Section 25845.

34A-13 Abatement procedures.

(a) Whenever a Code Enforcement Officer determines that a public nuisance (as defined in this Chapter) exists, he or she shall post a 72-Hour Notice to Abate on the property where the public nuisance exists, and mail a copy of the same to those persons shown on the latest County tax roll to be the owners of the property. The 72-Hour Notice to Abate shall inform the owner and/or tenants of the basis for the violation, and that an Administrative Penalty of $500 per day will accrue for each day that the violation continues to exist; explain that if the violation is not corrected, the matter will be set for a Nuisance Abatement Hearing, at which time the Administrative Penalty will increase to $1,000 per day; and explain that to prevent the accrual
of additional penalties and costs, the owner or tenant must contact
the Code Enforcement Office and arrange a time for a Code
Enforcement Officer to inspect the property, and confirm that the
violation(s) have been corrected.

(b) If the nuisance continues to exist after the expiration
of the seventy-two (72) hour period, a Code Enforcement Officer
may set the matter for hearing by issuing a Notice of Nuisance
Abatement Hearing. If the matter is set for hearing, the Code
Enforcement Officer shall post the property upon which the public
nuisance exists and shall mail, with a proof of service, notices
to those persons known to be in possession of the property, if
any, and to persons shown on the latest County tax roll to be the
owners of the property at least ten (10) days prior to the hearing.
The Administrative Penalty shall increase to $1,000 per day from
the date the Notice of Nuisance Abatement Hearing is posted on the
property, and shall continue to accrue at that rate for each day
that the violation continues to exist. Both the mailed and posted
notice shall be in substantially the following form:

NOTICE OF NUISANCE ABATEMENT HEARING

The owner(s) and occupant(s) of real property
described on the latest equalized Butte
County tax roll as A.P. No.__________ and
having a street address of _________ is
(are) hereby notified to appear before a
Hearing Officer of the County of Butte at
on ____________, 20____________,
at the hour of ____________ o'clock
__________m., to show cause, if any there be, why the use of said real property should not be found to be a public nuisance and abated pursuant to the Butte County Code Chapter 34A. The Department of Development Services has determined that conditions exist on the above property which constitute a public nuisance and violate Butte County Code section(s) ____________, as follows: ____________. After hearing, if a violation is found to have existed at the time the Notice of Nuisance Abatement Hearing was posted on the property, the Administrative Costs incurred in prosecuting the violation, including, but not limited to, the cost of the Hearing Officer, the cost of prior time and expenses associated with bringing the matter to hearing, attorneys' fees, the cost associated with any appeals from the decision of the Hearing Officer, the cost of judicially abating the violation, the cost of labor and material necessary to physically abate the violation, the cost of securing expert and other
witnesses, and the accrual of any Administrative Penalties, may become a lien against the subject property and may also be assessed against the property in the same manner as taxes. If a lien is recorded, it will have the same force and effect as an abstract of judgment which is recorded as a money judgment obtained in a court of law. If you fail to appear at the hearing or if you fail to raise any defense or assert any relevant point at the time of hearing, the County will assert, in later judicial proceedings to enforce an order of abatement, that you have waived all rights to assert such defenses or such points.

In preparing for such hearing, you should be aware that if an initial showing is made by the County, sufficient to persuade the Hearing Officer that a public nuisance existed on your property at the time the Notice of Nuisance Abatement Hearing was posted, you will then have the burden of proving that no public nuisance existed on your property. Therefore, you should be prepared to introduce oral and documentary evidence proving why, in your
opinion, your use of the property is not a public nuisance as defined in this Chapter. A copy of the Butte County Code Chapter 34A relating to Medical Marijuana Cultivation nuisance abatement hearings is enclosed to assist you in the preparation of your presentation.

If an initial showing sufficient to persuade the Hearing Officer that a public nuisance existed on your property is made by the Code Enforcement Officer, your failure to sustain the burden of showing that no public nuisance existed on the property may result in a decision by the Hearing Officer that a public nuisance did exist, and that the County is entitled to recover its Administrative Costs, and all Administrative Penalties that accrued up to the time that the nuisance was abated. Further, if the Hearing Officer finds that a public nuisance continues to exist on your property, and you fail to abate the nuisance promptly, the County may abate the nuisance. If the County abates the nuisance, in addition to being able to recover its Administrative Costs and Penalties, you may be responsible
for the actual costs of the abatement. In
either circumstance, all Administrative
Costs, Abatement Costs, and Administrative
Penalties may be specially assessed against
your parcel by the Auditor-Controller's Office
and added to the your tax bill as a special
assessment. Such special assessments have the
same priority, for collection purposes, as
other county taxes and, if not paid, may
result in a forced sale of your property. You
are also hereby notified that the County will
seek recovery of attorneys' fees incurred in
any hearing and that attorneys' fees may be
recovered by the prevailing party.
Finally, if the Hearing Officer finds that a
public nuisance exists on your property, a
violation of the Butte County Code Chapter
34A, the County will contend that you are
bound by such finding at any subsequent
judicial action to enforce the Hearing
Officer's order.
IMPORTANT: READ THIS NOTICE CAREFULLY.
IN ADDITION TO ANY ADMINISTRATIVE CIVIL
PENALTIES THAT HAVE ALREADY ACCRUED, AN

Enclosure: Butte County Code Chapter 34A

(c) All hearings conducted under this Chapter shall be held before a Hearing Officer designated pursuant to the protocol set
forth in that document entitled the "Butte County Administrative Hearing Officer Program." The Program is based upon an alphabetical rotation through attorneys currently under contract through the Program.

(d) At the time and place set for the hearing, the Hearing Officer shall hear testimony and receive written and/or documentary evidence relating to the alleged violation. Additional procedural rules may be adopted by resolution of the Board of Supervisors. The Director of Development Services, or his or her designee, shall tape record the hearing, and provide a copy of the recording to the Hearing Officer following the conclusion of the hearing. The Hearing Officer shall preserve the record of the hearing, and all photographs and demonstrative and documentary evidence introduced at the time of the hearing, for a period of three (3) years.

(e) Within five (5) days after the hearing is closed, the Hearing Officer shall render his or her written decision relating to the existence or nonexistence of the alleged public nuisance. If a violation is found to have existed at the time the Notice of Nuisance Abatement Hearing was posted, the decision shall include a statement that the County is entitled to recover its Administrative Costs and Administrative Penalties. If the Hearing Officer determines that the violation continues to exist, the decision shall also order that the owner of the property, or persons known to be in possession of the property, abate the
violation within a reasonable time, not to exceed ten (10) days from the date the decision is placed in the mail. The decision shall contain findings of fact and conclusions of law. A copy of the decision shall be mailed by certified mail, return receipt requested, to the person or persons shown on the last County tax roll to be the owners of the property which is the subject of the hearing and the occupant of such parcel, if any. All other persons noticed pursuant to this section shall be mailed a copy of the decision by first class mail, postage prepaid.

(f) The decision of the Hearing Officer shall be final and conclusive on the date the certified mail set forth in subsection (e) above, is deposited in the mail.

(g)(1) Notwithstanding any other provisions of this Code, if a final decision of the Hearing Officer finds that a violation exists and the public nuisance is not voluntarily abated within ten (10) days of said decision being placed in the mail by the Hearing Officer, the Director of Development Services or his or her designee may abate the public nuisance by cutting and/or removing all marijuana plants from the property, pursuant to a warrant issued by a court of competent jurisdiction. The owner of the property shall be responsible for paying all of the County's Abatement Costs and Administrative Costs, including but not limited to, those cost items set forth in the notice required by subsection (a) above, and Administrative Penalties. The Director of Development Services or his or her designee shall keep an
accounting of the Abatement and Administrative Costs for each case. Upon completion of the abatement of the nuisance, whether by the Director of Development Services or his or her designee, or the owner or tenant, the Director of Development Services or his or her designee shall post the property and send a bill to the owner, and any persons known to be in possession of the property, requesting payment of the County's Abatement and Administrative Costs, as well as all Administrative Penalties. The bill shall also state that failure to pay the Costs and Penalties within fifteen (15) days from service of the bill may result in the recording of a lien and the placement of a special assessment against the property.

(2) If the County's Costs and Penalties are not paid within fifteen (15) days from service of the bill, the Director of Development Services shall render an itemized report to the Clerk of the Board of Supervisors for submittal to the Board of Supervisors for hearing and consideration regarding the proposed lien and special assessment. The report shall include the names and addresses of the owner of record and any persons known to be in possession of the property, and an itemized account of the County's Abatement Costs, Administrative Costs, and Administrative Penalties. At least fifteen (15) days prior to said hearing, the Clerk of the Board of Supervisors shall give notice, with an affidavit of service, of said hearing to all persons named in the Director of Development Services' report and the Director of
Development Services or his or her designee shall post the property with a copy of the notice. The notice shall describe the property by assessor's parcel number and street number or other description sufficient to enable identification of the property and contain a statement of the amount of the proposed lien and special assessment. The notice shall also contain a statement that the Board will hear and consider objections and protests to the proposed lien and special assessment at the designated time and place.

(h) At the time and place fixed in the notice, the Board of Supervisors shall hear and consider the proposed lien and special assessment together with objections and protests thereto. At the conclusion of the hearing, the Board of Supervisors may make such modifications and revisions to the proposed lien and special assessment as it deems just and may order that the proposed lien and special assessment be recorded by the Director of Development Services and specially assessed against the property by the Auditor-Controller's Office. The lien shall have the same force, priority and effect as a judgment lien and the special assessment shall have the same priority as other County taxes.

(i) The notice of lien shall, at a minimum, identify the record owner or possessor of the property, set forth the date upon which the decision of the Hearing Officer was issued, describe the real property subject to the lien, set forth the amount of the Costs and Penalties incurred to date and, if applicable, the date
upon which the abatement was completed. If the abatement has not yet been completed, the notice shall so state and shall also indicate that the lien is a partial lien and that additional Abatement Costs will be incurred in the future.

It is the intent of the Board of Supervisors that Abatement Costs, Administrative Costs, and Administrative Penalties incurred after the filing of the notice of abatement lien relate back to the date upon which the lien was recorded for purposes of priority; however, in order to preserve its rights, after all Abatement Costs, Administrative Costs, and Administrative Penalties have been incurred and the abatement is complete, the Department of Development Services shall cause a supplemental notice of abatement lien to be recorded. The supplemental notice shall contain all of the information required for the original notice and shall also refer to the recordation date and the recorder's document number of the original notice.

(j) The decision of the Hearing Officer or Board of Supervisors may be recorded by the Director of Development Services. In the event of such recordation, and in the further event that the violation is corrected and all Costs and Penalties are paid, a notice of such correction shall be recorded. The Director of Development Services is authorized to prepare and record a notice of correction. Correction of the violation shall not excuse the property owner's liability for costs incurred during the administrative abatement process (Abatement Costs,
Administrative Costs, and Administrative Penalties as defined in sections 34A-14 and 34A-16 of this Chapter). In any action to foreclose on a lien issued pursuant to this Chapter, the County shall be entitled to an award of attorney’s fees.

34A-14 Abatement costs; Administrative costs.

(a) The term "Abatement Costs" means any costs or expenses reasonably related to the abatement of conditions which violate the Butte County Code, and shall include, but not be limited to, enforcement, investigation, attorneys' fees, collection and administrative costs, and the costs associated with the removal or correction of the violation.

(b) The term "Administrative Costs," shall include the cost of County staff time reasonably related to enforcement, for items including, but not limited to, site inspections, travel time, investigations, telephone contacts and time spent preparing summaries, reports, notices, correspondence, warrants and hearing packets. The time expended by Development Services and Auditor-Controller staff, to calculate the above costs and prepare itemized invoices, may also be recovered.

(c) In any action, administrative proceeding, or special proceeding to abate a nuisance, attorneys' fees may be recovered by the prevailing party. In no action, administrative proceeding, or special proceeding shall an award of attorneys' fees to a prevailing party exceed the amount of reasonable
attorneys' fees incurred by the County in the action or proceeding.

34A-15 Non-exclusive remedy.

This Chapter is cumulative to all other remedies now or hereafter available to abate or otherwise regulate or prevent public nuisances.

34A-16 Administrative Civil Penalties.

In addition to any other remedies provided by County Code or State Law, there is hereby imposed the following civil penalty for each violation of this Chapter:

(a) Five hundred dollars ($500.00) per day from the day the 72-Hour Notice is posted on the property, and continuing for each day that the violation continues to exist; however, if a Notice of Nuisance Abatement Hearing is issued, the penalty shall increase to one thousand dollars ($1,000.00) per day from the date the Notice of Nuisance Abatement Hearing is posted on the property, and shall continue to accrue at that rate for each day that the violation continues to exist, until the violation is abated by whatever means.

(b) At the Nuisance Abatement Hearing, the Hearing Officer shall determine the total amount of Administrative Penalties that have accrued at the time of the hearing, and that amount shall be reflected in the decision and awarded to the County. If at the time of the hearing the nuisance has yet to be abated, the decision shall state that Administrative Penalties shall continue to accrue
at $1,000 per day until the nuisance is abated. The decision of
the Hearing Officer shall be final and conclusive on the date the
decision is deposited in the mail.

(c) Administrative Penalties shall not be awarded if the
property owner establishes all of the following: (i) that, at the
time he or she acquired the property, a violation of this code
already existed on the property; (ii) the property owner did not
have actual or constructive notice of the existence of that
violation; and (iii) within thirty (30) days after the mailing of
notice of the existence of that violation, the property owner
initiates and pursues, with due diligence, good faith efforts, to
meet the requirements of this code.

(d) In the event a tenant or property owner contacts a Code
Enforcement Officer and demonstrates that all violations have been
corrected in a timely manner prior to a hearing being conducted
pursuant to this Chapter, the Director of Development Services, or
his or her designee, has the authority to waive or reduce the
amount of penalties owed, and cancel the scheduled hearing, if in
his or her opinion such a reduction and hearing cancellation is
warranted.

(e) Following the issuance of a Hearing Officer’s decision,
the Director of Development Services, or his or her designee, may
compromise the amount of any administrative penalty imposed by the
Hearing Officer. When determining whether to compromise any
penalty amount, the Director, or his or her designee, shall take
into consideration the nature, circumstances, and gravity of the violation(s), any prior history of violations, the degree of culpability, the financial burden to the person(s) upon whom the penalty has been imposed, the degree to which the proposed compromise will facilitate collection of the penalties without the need for further legal action, and any other matters justice may require. The compromise shall be subject to any terms and conditions prescribed by the Director, or his or her designee, which may include, without limitation, a condition requiring that the subject legal property and all responsible parties remain free of any additional violations for a specified period of time. Any person accepting a compromise penalty hereunder shall be required to execute a Compromise Agreement in a form approved by County Counsel.

34A-17 Summary Abatement.

Notwithstanding any other provision of this Chapter, when any unlawful medical marijuana cultivation constitutes an immediate threat to the public health or safety, and where the procedures set forth in sections 34A-11 through 34A-14 would not result in abatement of that nuisance within a short enough time period to avoid that threat, the enforcing officer may direct any officer or employee of the County to summarily abate the nuisance. The enforcing officer shall make reasonable efforts to notify the persons identified in Section 34A-13 but the formal notice and hearing procedures set forth in this Chapter shall not apply. No
summary abatement shall occur prior to consultation with the Office of County Counsel. The County may nevertheless recover its costs for abating that nuisance in the manner set forth in this Chapter.

34A-18 No Duty to Enforce.

Nothing in this Chapter shall be construed as imposing on the enforcing officer or the County of Butte any duty to issue a Notice to Abate Unlawful Marijuana Cultivation, nor to abate any unlawful marijuana cultivation, nor to take any other action with regard to any unlawful marijuana cultivation, and neither the enforcing officer nor the County shall be held liable for failure to issue an order to abate any unlawful marijuana cultivation, nor for failure to abate any unlawful marijuana cultivation, nor for failure to take any other action with regard to any unlawful marijuana cultivation.

34A-19 Use of Money Collected Under This Chapter.

All money collected for penalties for violations of this Chapter and all money collected for recovery of costs of enforcement of this Chapter shall be made available to the Departments, who are involved in the enforcement of this Chapter.

Ordinance No. 4107

PASSED and ADOPTED by the Board of Supervisors of the County of Butte, State of California on the 26th day of January 2016.
