** DISCLAIMER

By signing this document I am aware that it is only to be used as a guide in the calculation of Building Permit type fees. The Department of Development Services, Building Division does not warrant any part of said document. Actual fees may vary at time of Permit issuance based on conditions, and/or scope of work, and/or any newly adopted ordinances/resolutions/law/statute (Federal/State/County/City) and/or the imposition of other fees by City, County, State or Federal. This document does not warrant any fees not falling within the purview of the Department of Development Services, Building Division. This is not an exact document, henceforth; you are encouraged to verify all fees and requirements with the appropriate ordinances/resolutions/codes/laws/statutes before any reliance upon such estimate.

**When filed, this form and all supporting material becomes subject to the California Public Records Act. All public information related to this form is subject to public inspection and will be posted on the County's website for electronic access.

Note: Requests will be charged at our hourly rate (per our current fee schedule) with a minimum charge of half an hour. We will try to respond to all fee estimates within 72 hours of receiving this document. Thank you.

Page 2 must be completed in order to receive the requested estimate of permit fees.
