ATTENTION!
IMPORTANT ANNOUNCEMENT ON
MOBILE/MODULAR/MANUFACTURED HOMES

Butte County requires that all mobile/modular/manufactured homes being installed on private property be manufactured after June 1976 or HUD approved.

In additional if your private property is located in the Wildland Urban Interface (WUI) Areas (SRA - State Responsibility Areas) effective September 1, 2009 the Department of Housing and Community Development adopted new regulations the following may apply to you:

If the mobile/modular home to be installed is:

1. Built after January 1, 2008. No modifications are required.

2. All other year models constructed after June 1976 can be installed but may need to be modified to meet the Department of Housing and Community Development regulations for installation in WUI areas, these modifications may include any or all of the following: a. Roofing, b. Eave/Attic Venting, (**See paragraph below)

**For homes built prior to December 31, 2007, permits may be required from HCD to bring the mobile/modular up to current codes. Contact HCD directly at 916-255-2501 or visit their website at www.hcd.ca.gov to determine permit requirements and costs. Once the home has been modified you will be issued a label to install in the mobile to indicate it has been modified and complies with current regulations. The Butte County building department can then proceed with the mobile home installation permit.
