Webex Join a Meeting with Android

Summary

In order to join a meeting, you will first need to be invited to the scheduled Webex meeting by a meeting administrator. Look in your email inbox for the **Meeting Number**

Notes

Ensure you have the Webex Android app installed on your device. Download the app using this link:

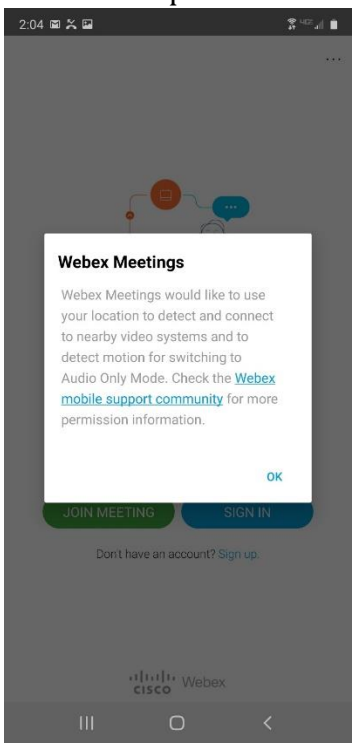
https://play.google.com/store/apps/details?id=com.cisco.webex.meetings

Steps

1. Launch the **Webex Meetings** application

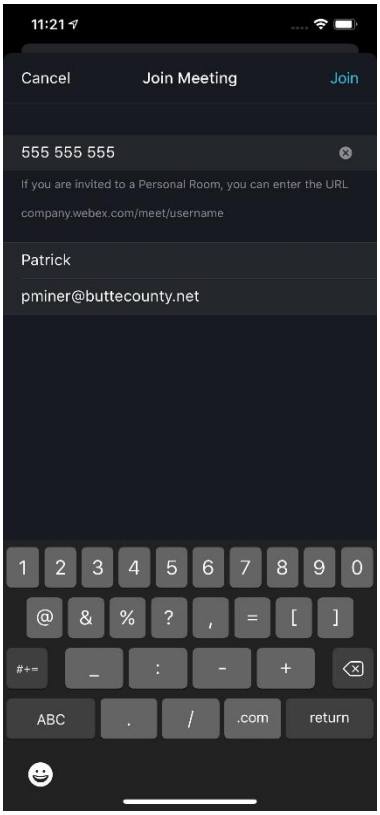
2. If asked **Accept** the "Terms of Service" agreement

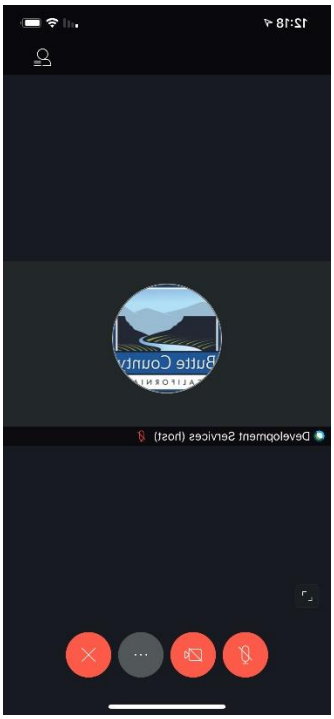
3. You will then be asked for permission to access contacts, location, microphone, etc. **Allow** these permissions.



4. From the Webex Application Home Screen you can join a meeting, sign in or create an account. Click **Join Meeting**

5. Enter the **Meeting Number** from the email you have received followed by your **Name** and **Email address**





6. You have joined the meeting on the bottom of the screen you can **Mute** share **Video** and **Exit**
