Cindi Dunsmoor
Emergency Services Officer
Butte County Office of Emergency Management
25 County Center Drive, Suite 213
Oroville, California 95965

Subject: Eligibility for Additional California Disaster Assistance Act (CDAA) State Share Funding under Assembly Bill 2140 (AB 2140)

Dear Ms. Dunsmoor:

The California Governor's Office of Emergency Services (Cal OES) has received a Resolution of Adoption from Butte County to adopt their current, FEMA-approved Local Hazard Mitigation Plan (LHMP) into the Safety Element of their General Plan. Additionally, language connecting the LHMP to the Safety Element is within the General Plan and on the County's website. Therefore, Cal OES has determined that Butte County is now compliant with Government Code 65302.6 (AB 2140) requirements. While funding is not automatically guaranteed, Butte County is now eligible to be considered for additional CDAA funding if approved by legislation following a disaster.

Please keep in mind that when the LHMP expires on November 7, 2024, the adoption into the Safety Element expires and must be renewed each time the LHMP update has received final approval from FEMA.

Feel free to contact me with any questions at (916) 845-8531 or Karen McCready-Hoover, Emergency Services Coordinator, at (916) 845-8177. If you have Public Assistance questions, you may contact (916) 845-8200 or DisasterRecovery@caloes.ca.gov.

Sincerely,

A handwritten signature in black ink that reads "Victoria LaMar-Haas". The signature is written in a cursive, flowing style.

VICTORIA LaMAR-HAAS, Chief
Mitigation Planning Division
