MEDIA RELEASE

For Immediate Release, September 12, 2017

Traffic Delays due to Construction Operations on Durham Dayton Highway at Book Farm Road
September 18th, 2017 through September 29th, 2017

For more information contact: Thomas Fossum at (530) 538-7681

Motorists, pedestrians and bicylists that travel Durham-Dayton Hwy at Book Farm Rd. and Oroville Chico Hwy. should expect 15 to 20 minute delays during the weeks of September 18th through September 29th as the Contractor (Knife River Construction) will be pulverizing the existing roadway, grading, paving and striping. The hours of construction for this project are anticipated to be 6am to 6pm each day.

Construction on this project will began September 18, 2017 and includes the pulverizing of the existing roadway, grading, construction of new turn lanes, new signage and striping at the intersection of Durham Dayton Highway at Book Farm Road and Oroville Chico Highway. This project was awarded to Knife River Construcion with a low bid of \$400,785.00.

Motorists should expect delays during this construction project and are encouraged to use alternate routes during this time period. If motorists must travel through the work zone, they are urged to use caution and to obey the directions provided by the traffic control personnel. Public Safety emergency traffic will be given priority, and delays should be minimal.

Questions regarding this notification should be directed to Tom Fossum, Deputy Director, Butte County Public Works Department at (530)538-7681.
