## **MEDIA RELEASE**

**For Immediate Release**

### **Closure of Oro-Chico Hwy for Asphalt Overlay On April 3, 2018**

**For more information contact:**

**Dennis Schmidt, Director of Public Works (530) 538-7681**

Butte County Public Works has scheduled crews to perform an asphalt overlay on Oro-Chico Highway between Mesa Road and Durham Dayton Highway. Access to Old Durham Wood will be available from Durham-Dayton Highway, while the Mesa Road end will be closed completely. This work is necessary to seal the roadway surface from moisture, and prevent the formation of potholes.

This work will require the temporary closure of Oro-Chico Highway when workers and equipment are on this project. This closure will allow the work to be completed in a manner that is safe for both the workers and motorists.

The closure is set to take place on Tuesday, April 3, 2018. Hours of the roadway closure will be from 7:00 am to 5:00 pm. Motorists are encouraged to use an alternate route. Road signs are being set-up to notify traveling public of the upcoming closure.

The Butte County Public Works Department has been serving its residents since 1850, providing cost effective roadway maintenance services. The Department maintains approximately 1,300 miles of roadways, over 500 bridges and drainage structures and more than 18,000 road signs.
