MEDIA RELEASE

For Immediate Release, June 25, 2018
Safety Improvements to be installed the intersection of
East Gridley Road and Larkin Road
July 9, 2018 through October 12, 2018

For more information, please contact: Scott Hightower at (530) 538-7681

Motorists, pedestrians and bicycles that travel East Gridley Road and Larkin Road should expect 20 minute delays during the period of July 9th to October 12th. Lamon Construction has been hired to widen the existing roadways into the intersection and install a new traffic signal. The hours of construction for this work are from 7:00 a.m. to 5:00 p.m. Monday through Friday.

Motorists should expect delays during this construction project and are encouraged to use alternate routes when possible during this time period. If motorists must travel through the work zone, they are urged to use caution and to obey the directions provided by traffic control personnel. Public Safety emergency traffic will be given priority, and delays should be minimal.

These safety improvements are funded by a Federal Safety Grant, Congestion Mitigation Air Quality Funds, and the new SB1 funds.

Questions regarding this notification should be directed to Scott Hightower, Engineering Project Coordinator, Butte County Public Works Department at (530) 538-7681.
