<b>CLINIC FEES FOR REPRODUCTIVE HEALTH SERVICES</b>			

**Title X Family Planning is set forth in the Code of Federal Regulations (CFR) Title 42 --> Chapter I --> Subchapter D --> Part 59 - Grants for Family Planning Services.** Fees for family planning services are billed to Medi-Cal or Family PACT, which fund services for eligible clients. Private pay clients will be charged the same fees for family planning services, and may be eligible for a sliding fee scale or a fee waiver reduction for family planning services. Fees are determined by the type of visit plus charges for any specific service, test or medication.

**Sliding Fee Scale and Fee Waivers for Family Planning Services:** A sliding fee scale is used to determine a schedule of discounts available for private pay clients with family incomes at or below 250% of the Federal Poverty Level (FPL). The sliding fee scale waives fees for private pay clients with incomes at or below 100% of the FPL. Fees may be waived for private pay clients with family incomes above 100% of the FPL, as determined by the Director of Public Health, for clients who are unable, for good cause, to pay for family planning services. (Pursuant to 42 CFR 59.5(a)(8), and 42 CFR 59.2)

However, income is not the only determinant for eligibility. For more information, contact the Butte County Department of Employment and Social Services at 78 Table Mountain Blvd., Oroville, CA 95965 or (877) 410-8803. Applications may also be submitted online through Covered California at <https://www.coveredca.com/>.

**Family PACT** - Eligibility for Family PACT is based on family size, income, and health care insurance. Eligibility will be determined as part of the check in process at the time of the appointment.

**Private Pay** - Clients who are not eligible for Family PACT, do not have Medi-Cal, are uninsured, or have private insurance may obtain services by paying for services at the time of the appointment.
