

YOUR MIND MATTERS

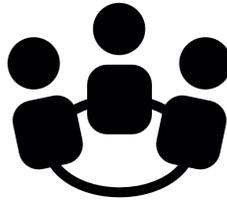

Expanding library services for those living with mental health challenges

Grant Project
January-June 2016

73

staff training participants:
95% reported increased confidence, knowledge, and positive attitude

401

community members attended
44 free programs
about mental health and wellness

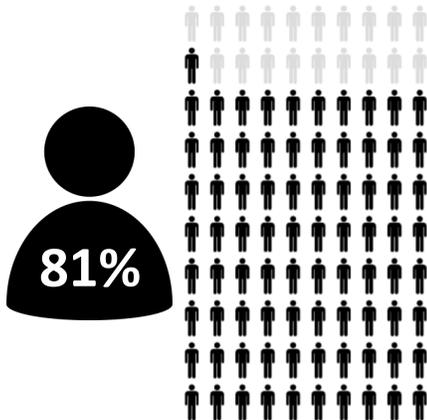

1,800

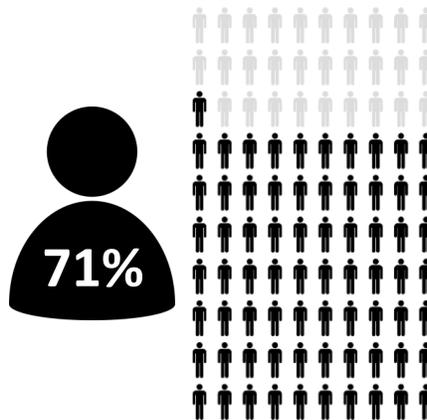

check-outs of over
600 new library materials
including books, ebooks and DVDs

Community members who took part in the project...

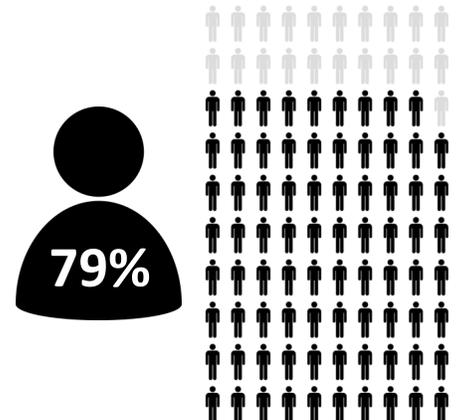

found information that helped improve their (or their family's) health and wellness

were more willing to talk about mental health with people they knew

identified that they, or someone close to them, live with a mental health challenge

The project made a difference in Butte County!

This project was a partnership between Butte County Library and Butte County Department of Behavioral Health, and was supported in part by the U.S. Institute of Museum and Library Services under the provisions of the Library Services and Technology Act, administered in California by the State Librarian.
