

Introduction to Programming

- Learn coding in **LOGO**, fun and educational !

LOGO

Educational Programming Language

LOGO is an easy-to-learn programming language that teaches introductory coding concepts. By commanding a turtle to draw graphics, your coding achievements are instantly visualized in an approachable and *fun* way!

About the Class

- Open to Ages 9 and Up.
- **Wednesdays 3:30 p.m. to 5:00 p.m. from June 6 Thru July 25.**
- Room for **7** students in Chico Library's **Maker Lab**.
- Students will be expected to attend every lesson, as each lesson will build upon the previous one.
- Reserve a seat by emailing Eli at **ELI@EBCODE.COM**.

About the Instructor

Eli is a local web developer living in Chico. He's been working and playing with computers since 1989, when he wrote his first computer program in Commodore BASIC. Born and raised in the North Valley, Eli is happy to be back in Chico and is looking forward to sharing his love of programming with the broader community.
