Cooked vegetables are potentially hazardous foods and must be maintained at 135°F or above.

Note: Time Only may be used for cooked chilies/vegetables on a performance basis. A written procedure is required when Time Only is used as a method of ensuring public safety. Also, food containers must be marked with discard time four hours after food is first removed from grill (or refrigerator). Any food held under Time Only may not be cooled, but discarded at end of four hours.
