OBSERVATIONS AND CORRECTIVE ACTIONS

6- No handsink at front sandwich prep area. **Provide approved handsink, with pump soap and paper towel dispensers, at front sandwich prep area within next 60 days if sandwich prep is to continue.**

33- Observed gaps around pipes/conduits in beverage cabinets to be filled-in with copper dish scrubbers. Properly reseal. Seal gaps at corners of beverage counter (for sodas and slushy-type drinks).

34, 45- Observed 2-compartment utensil sink; drainboards of utensil sink unable to properly drain of pooled water. Observed wall panel behind sink to be damaged.

As noted on previous inspection reports, provide approved 3-compartment utensil sink within next 60 days if sandwich prep is to continue.

Provide approved surface/material (i.e. FRP panels) for walls behind and at end of utensil sink.

38- Provide shatterproof cover/bulb for light above utensil sink.

45- Observed some damaged floor areas in back room.

–Clean floor of walk-in under display shelves to remove beverage residues and misc. trash.
