			36. Equipment, utensils and linens: Properly stored and used							51. Permit Suspension			
			37. Vending machines							52. Other			

OBSERVATIONS AND CORRECTIVE ACTIONS: **6)** Provide paper towels for dispenser at hand sink rather than storing paper towels on food rack. **7)** Observed prawns, reportedly defrosting, at 54°F in utensil sink. Prawns were moved to refrigerator upon request. **9)** Observed soup (83°F) cooling in room temperature water (65°F) rather than in an ice bath. Water was replaced with ice during inspection for soup to continue cooling. Provide ice paddles for cooling in ice baths. **24)** No person in charge available during inspection. **33)** Clean shelves in walk-in cooler to remove rust. Replace shelves if uncleanable. Clean base of slicer to remove dried food debris/residues. **35)** Observed air temperature of freezer to be 36°F. Repair/adjust so as to maintain frozen food in a frozen state. **44)** Keep back door closed to prevent the entrance of vermin. Generally clean/organize back storage room so as to facilitate cleaning and prevent harborage of vermin.

Reinspection fees will be charged for all subsequent reinspections unless an acceptable corrective time schedule has been submitted and approved by this Department. If, for any reasons beyond your control, you cannot correct the indicted violations by the next scheduled time, call this office prior to the inspection day.
