Prepared by BC CDER Div.; local report pending CDHS confirmation. Local reporting may vary slightly from CDHS statistics Rev. 4/09

± Includes outbreak consisting of 27 cases in 2008.

\*Revised case definition is anticipated to result in an increase of reported cases.

\*\*May include previously reported cases due to new HIV reporting laws in 2006.

» New reporting requirements in 2007 may result in an increase of reported Hepatitis C cases. Rev 4/09
