List Updated: January 11, 2012

State Contractor License Class ⁽¹⁾
(A) General Engineering Contractor
(B) General Building Contractor
A general building contractor is can legally install a septic system only if they are also doing some other work associated with the construction project, such as digging the foundation, framing, etc.
(C) Specialty Contractor
C36 - Plumbing Contractor
C42 - Sanitation System Contractor

Worker's Compensation? ⁽²⁾
EXEMPT means that the contractor has reported to the State Contractor's Licensing Board that there are no employees
If the contractor mis-represents this information and an accident occurs on the job, the property owner may be liable. For more information contact the State Contractor's Licensing Board at 1-800-321-CSLB (2752).
