Oroville, CA – Butte County officials announce the extension of the deadline to submit projects for Title II, Secure Rural Schools and Community Self Determination Program to January 3, 2011. The program makes available \$200,000 in funding for a variety of land, water, infrastructure, and habitat projects. Projects can be implemented on U.S. Forest land or on private land if the project clearly benefits public land resources.

This program, which is coordinated through the U.S. Forest Service, creates employment opportunities through projects which implement stewardship objectives that enhance forest ecosystems, restore and improve land health and water quality.

Applications and information can be found at www.fs.usda.gov/plumas. Applicants are urged to thoroughly review the documentation and contact Ranger District representatives to discuss the proposed projects.
