Honorable Stephen Benson  
P.O. Box 110  
Oroville, CA 95965

The Honorable Stephen Benson:

The Board of Directors of the Durham Recreation and Park District would like to thank the 2011-2012 Butte County Grand Jury for their service to the citizens of Butte County. It was a pleasure meeting with the jury members who visited our district.

The board has read the recommendations that the Grand Jury has made and would like to respond to them as follows:

R1: All employees, volunteers and board members to be fingerprinted. It is our understanding that anyone having direct supervision over children should be fingerprinted. Board members do not have direct supervision over children. In addition, fingerprinting employees and volunteers who are under the age of eighteen does not result in any type of information furnished to the district. The board will take a look at this again in the near future.

R2: The law requires board members to take ethics training. When board members are due to renew their ethics training, district staff inform the board members of this and provide information on where and how to get it.

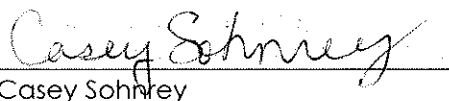

R3: The district has been working on updating the master plan in-house. A rough draft has been put together and is still being worked on. Financing restraints have prevented the district from hiring an outside consultant to complete the work.

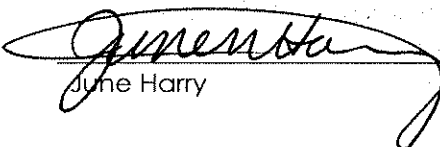

R4: The district has and will continue to look for alternative funding sources for the betterment of our community.

Sincerely,

  
Barbara Berger
