IT IS THE RESPONSIBILITY OF THE PROSPECTIVE CONTRACTOR TO VERIFY THAT THEIR QUOTE HAS BEEN RECEIVED BY THE COUNTY PRIOR TO THE QUOTATION OPENING. NO PARTIAL DELIVERIES WILL BE ACCEPTED UNLESS PROVIDED FOR ELSEWHERE IN THE RFQ.

1. **BRAND NAME:** The use of the name of a manufacturer, or of any special brand or make in describing any item contained in the Request for Quotations (RFQ) does not restrict quoters to that manufacturer or specific article. A brand name used in the DESCRIPTION merely indicates the character or quality of the desired article. The equipment for which quotes are submitted must be equal in character, quality and utility to the brand and/or make indicated herein. The make or grade of the article for which a quote is submitted should be stated in the quote in every instance. When not stated, both parties agree that the specific article named in the RFQ is the article that was quoted. The brand name and catalog number must be shown for each item that is quoted. The County shall be the final authority in determining the acceptability of brands or makes quoted in lieu of the brands or makes named in the RFQ.

2. **QUOTATIONS:** If the quote is made on the basis of "**ALL OR NOTHING**" that condition shall be clearly stated in the quote.

Cash discounts offered shall be shown on the quote; otherwise, prices will be considered net 30. Quotations may be rejected and given no further consideration if quote prices or other requested information is not provided.

Time of delivery is an essential element of the quote and delivery dates must be adhered to. If the Quoter cannot meet the delivery date specified in the RFQ, the best possible delivery shall be stated adjacent to the item quoted. Time, if stated as a number of days, shall mean "calendar" days.

All prices and other quote information shall be in ink or typewritten. No pencil or erasures are permitted. Mistakes may be crossed out and corrections inserted adjacent thereto and shall be initialed in ink by the person signing the quote.

A responsible officer or employee of the supplier shall sign all quotations. The blank spaces provided for the Company Name and other contact information shall be fully completed. The successful quoter is obligated to sell the article and/or service according to the terms of its quotation.

3. **TAXES:** Quoters shall not include Federal Excise Taxes in the quoted price. Butte County's exemption registration number will be furnished to the successful supplier. All applicable Sales Taxes SHALL be INCLUDED in the Prospective Contractor's quotation.

4. **SAMPLES:** Samples of items, when required, shall be furnished free of expense to the County of Butte. If the samples are not destroyed in testing they will be returned, upon request, at the Quoter's expense. Samples of selected items may be retained for comparison with delivered products.

Inspection costs for delivered products or samples that do not meet specifications, may be charged back to the supplier.

5. **INDEMNITY:** The Supplier shall indemnify and hold harmless the County of Butte, its officers, servants, volunteers and employees from liability of any nature or kind due to the use of any copyrighted or uncopyrighted composition, trade secret, patented or unpatented invention, article, service or appliance furnished or used as a result of this quote or subsequent Agreement.

6. **SUBMISSION OF QUOTATIONS:** Each quote shall be submitted on the RFQ form provided by Butte County. Quotations may be in a sealed envelope with the bid number, closing date and time of quotation opening clearly indicated on the outside of the envelope. Quotes may also be submitted by facsimile, electronic mail, overnight courier or hand carried.

Quotations and modifications or corrections thereto received after the closing time specified in the RFQ may be considered. Promptness is essential in the quotation process. Although late quotations may be considered, once the Agreement has been awarded it is not possible to consider late quotes.

Recipients of this RFQ that do not submit quotes must return the RFQ form and state thereon the reason for not submitting a quote. Failure to respond in this manner may result in removal of the contractor's name from the list of contactors solicited for future requirements.

7. **CASH DISCOUNTS:** Butte County will not consider cash discounts that provide fewer than 15 days to take the discount. Payment terms of 2% 10, Net 30 will not be considered in price evaluations or in the payment of invoices. Payment terms of 2% 15, Net 30, however, will result in a two percent reduction in the quoted price during price evaluation, and Butte County will take the two percent discount if the invoice is paid within the allowed 15 day time period that the discount is offered.
8. **AWARD:** The County of Butte reserves the right to accept quotations on individual items included in the RFQ, on a group or groups of items, or on the basis of all items included in the RFQ; to waive any informality in the quotes; and/or to accept the quote that appears from all consideration to be in the best interest of the County of Butte.

In determining and evaluating the best quotation, the prices will not necessarily be controlling, but quality, equality, efficiency, utility, suitability of the equipment offered and the reputation of the company or the equipment in general may also be considered along with any other relevant factors. Any Agreement awarded as a result of this RFQ shall be subject to the Small Projects Terms & Conditions included in the RFQ.

9. **NEGOTIATION:** The County of Butte reserves the right to enter into negotiations with companies that submit quotes in response to this RFQ, or to award an Agreement to the company with the most favorable quotation without conducting negotiations. Therefore, the most favorable quote should be included in the original quotation in response to this RFQ.
10. **PUBLIC OPENING:** The opening of quotations in response to this RFQ is not subject to attendance by companies submitting quotations or the general public. This restriction is necessitated by the fact that the quotations are subject to negotiations, and it would be unfair for competing companies to know the prices quoted by one another. Quoted prices shall not be made public until the purchase order has been awarded.

**ATTACHMENT I
SMALL PROJECTS TERMS AND CONDITIONS**

1) Scope of Work.

The work to be undertaken is identified in the attached "Attachment III – Scope of Work" which is made a part of this Contract.

2) Reimbursement.

- a) The work shall be performed for the fixed price indicated above in the variable information table. Payment shall be made after the County Project Manager or designee reviews and approves the work and after submittal of an invoice by the Contractor.
- b) Butte County is exempted from payment of Federal Excise Tax. No Federal tax shall be included in the price. The Contractor and Subcontractors shall pay all state and federal taxes upon labor or materials involved in their branch of the Work, cost of same to be included in the contract price.
- c) Upon submission of itemized invoices in duplicate, payment shall be made at the prices stipulated herein for projects completed and accepted, less deductions, if any, as herein provided. Payment on milestone completions may be made whenever amounts due so warrant or when requested by the Contractor and approved by the County Project Manager.
- d) In connection with any cash discount specified on this order, time will be computed from the date of project completion as specified, or from the date correct invoices are received by the County if the later date is later than the date of delivery. For the purpose of earning the discount, payment is deemed to be made on the date of mailing of the County warrant or check.

3) County Project Manager.

The County Project Manager or designee for this undertaking who will receive payment invoices and answer questions related to the coordination of this undertaking is identified above in the variable information table.

4) Independent Contractor.

- a) Contractor is an independent contractor, working under his/her own supervision and direction and is not a representative or employee of County. Contractor agrees to file tax returns and pay all applicable taxes on amounts paid pursuant to this Contract.
- b) The Contractor agrees that it is as fully responsible to the County for the acts and omissions of its Subcontractors and of persons either directly or indirectly employed by them, as the Contractor is for the acts and omissions of persons directly employed by the Contractor. Nothing contained in the contract shall create any contractual relationship between any Subcontractor and the County. The Contractor agrees to bind every Subcontractor and every Subcontractor agrees to be bound by the terms of the contract and all drawings and specifications as far as applicable to the Contractor's Work. All Subcontractors shall be considered employees of the Contractor and shall have rights, duties or responsibilities as such, i.e., Rates of Pay, Certification, Supervision and Conditions of Work.

5) Confidentiality and Ownership.

- a) The County retains the exclusive right of ownership to the work, products, inventions and confidential information produced for the County by the Contractor, and the Contractor shall not disclose any information, whether developed by the Contractor or given to the Contractor by the County.

- b) All drawings, specifications and copies thereof furnished by Butte County are the County's property. They are not to be used on other Work and with the exception of the signed Contract set, are to be returned to the County on request, at the completion of the Work.

- a) The term of this contract shall begin upon the County's issuance of the Notice to Proceed. Should this Contract be terminated for any reason, authorized costs incurred by the Contractor will be reimbursed up to the date of termination. Notwithstanding anything stated to the contrary herein, this Contract shall expire following the number of calendar days indicated above in the variable information table after the Contractor receives the Notice to Proceed that was issued by the County.
- b) The County reserves the right to cancel this order if the project is not completed as directed and within the time specified. In case of default by the Contractor, the County of Butte may procure the articles or services from other sources and may deduct from any monies due, or that may thereafter become due to the Contractor, the difference between the price named in the contract or purchase order and actual cost thereof to the County. Prices paid by the County shall be considered the prevailing market price at the time such purchase is made. Periods of performance may be extended if the facts as to the cause of delay justify such extension in the opinion of the County Purchasing Agent.
- c) In the event the Contractor fails to perform in accordance with the terms of this Contract within the time specified, if any, or a reasonable time after placement of this order, the County Purchasing Agent may by written notice, cancel this Contract and may hold the Contractor liable for any damage caused the County by reason of failure to perform in accordance with these conditions.
- d) It is agreed by the parties to this contract that in case all the Work called for under the contract in all parts and requirements is not finished or completed within the time period as set forth in this Contract, damage will be sustained by the County of Butte, and that it is and will be difficult or impossible to ascertain and determine that actual damage which the County will sustain in the event of and by reason of such delay; and it is therefore agreed that Contractor shall pay to the County the sum of one hundred dollars (\$100) per calendar day for each and every working day's delay in finishing the Work in excess of the time period prescribed; and the Contractor agrees to pay said liquidated damages as herein provided, and in case the same is not paid, agrees that County may deduct the amount thereof from any money due or that may become due Contractor under this contract or any other contract between the County and the Contractor.

The Contractor shall not be assessed with liquidated damages or the cost of engineering and inspection during any delay in the completion of the Work caused by acts of God or of the public enemy, fire, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or unusually severe weather due to such causes, provided that the Contractor shall, within ten (10) days from the beginning of any such delay, notify County Project Manager in writing of the cause of delay, who shall ascertain the facts and the extent of delay, and the County's findings of the facts thereon shall be final and conclusive.

7) Indemnification.

- a) Contractor agrees to accept responsibility for loss or damage to any person or entity, and to defend, indemnify, hold harmless and release the County, its officers, agents and employees from and against any and all actions, claims, damages, disabilities or expenses that may be asserted by any person or entity, including Contractor, to the extent arising out of or in connection with the negligent acts or omissions or willful misconduct in the performance by Contractor hereunder, whether or not there is concurrent negligence on the part of the County, but excluding liability due to the active negligence or willful misconduct of the County. This indemnification obligation is not

limited in any way by any limitation on the amount or type of damages or compensation payable to or for Contractor or its agents under worker's compensation acts, disability benefit acts, or other employee benefits acts. Contractor shall be liable to County for any loss of or damage to County property arising out of or in connection with Contractor's negligence or willful misconduct.

- b) The Contractor shall hold the County of Butte, its officers, agents, servants and employees, harmless from liability of any nature or kind because of use of any copyrighted, or uncopied composition, secret process, patented or unpatented invention, articles or appliances furnished or used under this order, and agrees to defend, at its own expense, any and all actions brought against the County or the Contractor because of the unauthorized use of such articles.

8) Insurance Requirements.

- a) Contractor shall procure and maintain for the duration of this Contract, insurance against claims for injuries to persons or damages to property which may arise from, or be in connection with the performance of the Work hereunder by Contractor, Contractor's agents, representatives, employees and subcontractors. At the very least, Contractor shall maintain the insurance coverages, limits of coverage, and other insurance requirements as described in Attachment II to this Contract.
- b) In addition to the insurance coverage required by Attachment II, Standard Insurance Requirements, the Contractor shall maintain the insurance coverages described below.

In case said Work herein provided for should, before completion and acceptance by the County, be wholly or partially destroyed by fire, then the loss occasioned thereby shall be sustained by the Contractor, and the Contractor agrees to carry fire insurance for the full amount of the labor and material as the Work progresses in the joint name of the Contractor and the County. All moneys received under such policies are to be divided between the Contractor and the County as their interest may appear. Contractor agrees to provide such fire insurance in a company or companies acceptable to the County, including the extended coverage for vandalism and mischief endorsements naming both the Contractor and the County as Insured, subject to the terms and conditions of Standard Forms Bureau Builder's Risk completed value form.

Such insurance shall be in the amount of the contract, less permissible insurance exclusions and shall be maintained at all times at an amount equaling the estimated cost to the County of rebuilding, less permissible insurance exclusions (amount to be determined by agreement between County and Contractor).

It shall be understood that in case of a fire, the Contractor shall remove all damaged material and debris resulting from the fire from the site, and clean the site in preparation for rebuilding, at no extra cost to the County.

9) Changes to the Contract.

Changes to this Contract may only be approved by written amendment to this Contract.

Contractor hereby warrants that all of Contractor's work will be performed in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable Federal, State and local laws, it being understood that acceptance of Contractor's work by County shall not operate as a waiver or release.

- b) Unless otherwise stipulated, the Contractor shall provide and pay for all materials and associated sales taxes, labor, water, tools, equipment, light, power, transportation and other facilities necessary for the execution and completion of the Work.

Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. The Contractor shall at all times enforce strict discipline and good order among its employees, and shall not employ on the Work any unfit person or any one not skilled in the Work assigned to the worker.

The Contractor, and all Subcontractors, must understand that the Work to be performed shall be the very best and of the highest quality in every respect. All Work shall be performed only by workers of the highest skill in their respective lines, and in the best manner known to the respective crafts employed. Defective Work or Work that is not perfectly and properly executed, will not be accepted.

- c) The Contractor shall promptly remove from the premises all materials condemned by the County as failing to conform to the contract, whether incorporated in the Work or not, and the Contractor shall promptly replace and re-execute its own Work in accordance with the contract and without expense to the County and shall bear the expense of making good all Work destroyed or damaged by such removal or replacement.

If the Contractor does not remove such condemned Work and materials within a reasonable time, fixed by written notice, the County may remove them and may store the material at the expense of the Contractor. If the Contractor does not pay the expenses of such removal within ten days' time thereafter, the County may, upon ten days written notice, sell such materials at auction or at private sale and shall account for the net proceeds thereof, after deducting all the costs and expenses that should have been borne by the Contractor.

- d) Neither the final certificate nor payment nor any provision in the contract documents shall relieve the Contractor of responsibility for faulty materials or workmanship and, unless otherwise specified, the Contractor shall remedy any defect due thereto and pay for any damage to other Work resulting therefrom which shall appear within a period of one year from the date of the final payment. If the project requires the employment of work in any apprenticeable craft or trade, once awarded, the Contractor or Subcontractors must apply to the joint apprenticeship council unless already covered by local apprentice standards (Labor Code 1777.5).
- b) Contractor or subcontractor shall forfeit twenty-five (\$25) for each worker employed in the execution of this contract by the respective contractor or subcontractor for each calendar day during which the worker is required or permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week as penalty for violation of California Labor Code section 1813. 16) Bid Bond Requirements.

As an alternative to including a bid bond, quoters may include a cashier's check payable to the County of Butte in the amount of ten per cent (10%) of the quoted price. Upon consent to any delegation, transfer or assignment, the parties will enter into an amendment to reflect the transfer and successor to Contractor. County will not be obligated to make payment under the Agreement until such time that the amendment is entered into.
- b) Neither the contract nor any moneys due or to become due under the contract, may be assigned by the Contractor without the prior consent and approval of the County Board of Supervisors or officer of the project.

18) Miscellaneous Provisions.

- a) Neither the final payment, nor any part of the retained percentage, if any, shall become due until the Contractor, if required, shall deliver to the County a complete release of all liens arising out of this Contract, or receipts in full in lieu thereof and, if required in either case, an affidavit that so far as the Contractor has knowledge or information, the releases and receipts include all the labor and material for which a lien could be filed. Permits and licenses of a temporary nature necessary for the prosecution of the Work shall be secured and paid for by the Contractor. Permits, licenses and easements for permanent changes in existing facilities shall be secured and paid for by the County, unless otherwise specified.
- c) The County shall at all times have access to the Work wherever it is in preparation or progress and the Contractor shall provide proper facilities for such access and for inspection.

If the specifications, instructions, laws, ordinances, or any public authority require any Work to be specially tested or approved, the Contractor shall give the County timely notice of its readiness for inspection, and if the inspection is by another authority, of the date fixed for such inspection. Inspections by the County shall be promptly made, and where practicable, at the source of supply. If any Work should be covered up without approval or consent of the County, it must, if required by the County, be uncovered for examination at the Contractor's expense.

No such claim shall be valid unless so made.
- e) If the Contractor should be adjudged as bankrupt, or if the Contractor should make a general assignment for the benefit of its creditors, or if a receiver should be appointed on account of the Contractor's insolvency, or the Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials, or if the Contractor should fail to make prompt payment to Subcontractors or for material or labor or otherwise be guilty of a substantial violation of any provision of the Contract, then the County may serve written notice upon the Contractor of its intention to terminate the Contract, such notice to contain the reasons for such intention to terminate the Contract and, unless within 10 days after the serving of such notice, such violation shall cease and satisfactory arrangements for correction thereof be made, the contract shall, upon the expiration of said 10 days, cease and terminate. In the event of any such termination, the County shall have the right to take over and perform the Contract. The County may take over the Work and prosecute the same to completion by contract or by any other method it may deem advisable, for the account and at the expense of the Contractor, and the Contractor shall be liable to the County for any excess cost occasioned the County thereby, and in such event the County may, without liability for so doing, take possession of and utilize in

completing the Work such material, appliances, plant and other property belonging to the Contractor as may be on the site of the Work and necessary therefor.

- f) If the Work should be stopped under an order of any court, or other public authority, for a period of thirty (30) days, through no act or fault of the Contractor or of anyone employed by the Contractor, or if the County should fail to issue any certificate for payment within seven (7) days after it is due, or if the County should fail to pay the Contractor within thirty (30) days of its maturity and written presentation any sum certified by the County then the Contractor may, upon ten days written notice to the County stop Work until payment is made.
- g) The County may withhold or, on account of subsequently discovered evidence, nullify the whole or a part of any payment to such extent as may be necessary to protect the County from loss on account of:
 - I. Defective Work not remedied
