The Update will cover all aspects of the General Plan but is focused on improving community safety from both human caused and natural hazards, including floods and fires; ensuring there is safe and affordable housing for all community members at all income levels; and promoting environmental justice, which is the basic right of all people to a healthy and clean environment. This workshop is your opportunity to share your perspective on these issues and to let us know your thoughts on how the county should change or stay the same in the next 20 years.
