#### **d. Participation Levels**

##### Option A - CORE PLAN

Elected officials who elect Option A to participate in the County sponsored medical plan will receive the County health benefits flex contribution (as specified below) to be utilized to purchase their selected medical plan and cannot be cashed out. In the event that an elected official selects a medical plan that results in an excess County contribution, that excess contribution will be deemed a non-health flex contribution that may

be taken as taxable income or applied to pre-tax dental, vision or other alternative approved benefits. Should an elected official decline County sponsored medical coverage, such elected official will receive a cash-in-lieu payment if the elected official complies with the requirements outlined in Option B below.

The County will pay to the elected officials' Flexible Benefit Account the following amounts for elected officials who elect Option A:

Employee only	\$462.78
Employee plus one	\$921.30
Family	\$1,207.41

The above amounts include the PEMHCA minimum which is paid outside of the County's Section 125 plan.

Elected officials, regardless of medical plan participation status, are eligible to enroll in the County's dental and/or vision programs. Elected official contributions for dental and vision will be deducted from elected official's regular payroll on a pre-tax basis. Elected officials that have elected Option A can also elect to participate in optional benefits. If the elected official has any surplus Flexible Benefit Account credits after making all elections required to participate in the health insurance, the elected official can use that surplus toward the Flexible Benefit Options. Elected officials that wish to participate in the optional benefits in the plan, with the exception of the cash back option, but do not have any surplus credits, can elect to have pre-tax payroll deductions in an amount to cover the cost of their elections.

#### Option B - FLEXIBLE BENEFIT OPTIONS

Elected officials who decline County sponsored medical coverage and elect Option B must provide the following in order to receive the cash-in-lieu:

(1) proof that the elected official and all individuals for whom the elected official intends to claim a personal exemption deduction ("tax family"), have or will have minimum essential coverage through another source of group health insurance (coverage not obtained in the individual market or through Covered California) for the plan year to which the opt out arrangement applies ("opt out period"); and

(2) the elected official must sign an attestation that the elected official and his/her tax family have or will have such minimum essential coverage for the opt out period. An elected official must provide the attestation every plan year at open enrollment or within 30 days after the start of the plan year. The opt-out payment cannot be made and the County will not in fact make payment if the County knows that the elected official or tax family member doesn't have such alternative coverage, or if the conditions in this paragraph are not otherwise satisfied.

Elected officials initially elected on or before December 31, 2016, will receive an employer flex credit contribution of one hundred eighty-six dollars and sixteen cents (\$186.16) per pay period for elected officials who elect and satisfy the requirements outlined above for Option B. Elected officials initially elected on or after January 1, 2017, will receive an employer flex credit contribution of ninety-two dollars and thirty-one cents (\$92.31) per pay period for elected officials who elect and satisfy the requirements outlined above for Option B.
