Governor

Naloxone Standing Order

Purpose

The purpose of this standing order is to help reduce morbidity and mortality associated with opioid overdose by facilitating the distribution and administration of Naloxone Hydrochloride (Naloxone). Naloxone is an opioid antagonist indicated for the complete or partial reversal of opioid overdose, including respiratory depression, induced by natural and synthetic opioids. It may be delivered intramuscularly with a needle or intranasally. Naloxone is indicated for emergency treatment of a known or suspected opioid overdose. It is not a substitute for emergency medical care.

This standing order authorizes:

Non-prescribing entities in California to distribute naloxone to individuals at risk of opioid overdose, their family members and friends, or other persons in a position to assist during an opioid-related overdose, who have completed an opioid overdose prevention and treatment training program.

The administration of naloxone received from the entity using this standing order to assist a person experiencing or reasonably suspected of experiencing an opioid overdose, by a family member, friend, or other person who has received opioid overdose prevention and treatment training from an opioid overdose prevention and treatment training program.

Authority

This standing order is issued pursuant to paragraphs (1) and (2) of subdivision (c) of Section 1714.22 of the California Civil Code, which allows a licensed health care provider authorized to prescribe an opioid antagonist to issue a standing order for the distribution and administration of naloxone.

Terms and Conditions

By submitting the online application form, the entity:

1. Certifies that the contact and location information provided on the online application form is correct.
2. Will ensure that any of its affiliates or subcontractors apply for their own standing order.
3. Agrees to allow the California Department of Public Health to contact the entity using the information provided on the application form.
4. Agrees to allow the California Department of Public Health to use the information provided on the application form to track the use of the standing order and conduct other public health and epidemiological surveillance activities.
5. Acknowledges that the standing order cannot be used to purchase or sell naloxone.
6. Agrees to ensure that entities and individuals receiving and administering naloxone receive opioid overdose prevention and treatment training as defined in this standing order.
7. Agrees to maintain and report information regarding the number of doses of naloxone distributed under this standing order at the time of renewal.
8. If known/available, agrees to maintain and report information upon renewal regarding the number of reversals which occurred using naloxone distributed under this standing order.
9. Agrees to re-apply for the standing order if there is a change in the information required on the online application form.
10. Agrees to maintain a copy of the standing order, which will include these terms and conditions.

Definitions

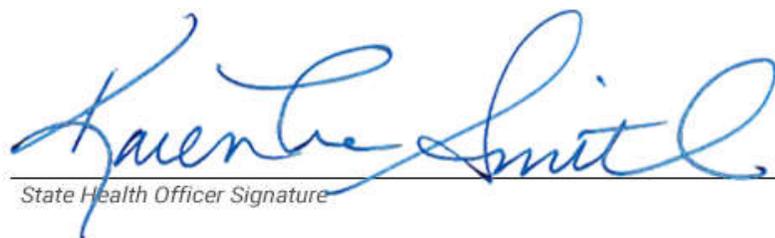

A. "Non-prescribing entities" means organizations that do not employ or contract with a medical provider that has a license to prescribe and can issue a standing order and provide oversight for the distribution and administration of naloxone.

B. "Opioid overdose prevention and treatment training program" means any program operated by a local health jurisdiction or that is registered by a local health jurisdiction to train individuals to prevent, recognize, and respond to an opiate overdose, and that provides, at a minimum, training in all of the following:

1. The causes of an opiate overdose.
2. Mouth to mouth resuscitation.
3. How to contact appropriate emergency medical services.
4. How to administer an opioid antagonist.

Additionally, the training program should include how to recognize an opioid overdose. An example of an "overdose prevention and treatment training program" that is registered with or operated by a local health jurisdiction includes, but is not limited to:

1. Plumas County: <http://countyofplumas.com/index.aspx?NID=2477>

Applying Entity Standing Order Information

This Standing Order is issued for: Butte County Public Health

Physical Address: 202 Mira Loma Drive, Oroville, CA 95965

Public Phone Number: (530) 552-7500

The entity agrees to all the terms and conditions specified in this Standing Order.

Expiration, Renewal and Review

This standing order will automatically expire one year from the date that it is signed by the State Health Officer or on the date that the physician whose signature is on the standing order has ceased acting as the State Health Officer, whichever comes sooner. The standing order can be renewed by completing another online application form. This standing order should be reviewed carefully against the most current recommendations, and may be revised or updated if there is new information about naloxone administration.
