Sign Requirements for Public Pool Facilities

- The following requirements can be found in Title 24 of the California Building Code.
- Requirements apply to all new and existing public pool facilities effective September 1, 2012.
Note: Public pool is defined as any public swimming pool, public bathhouse, public swimming place, and public bathing place that is or includes an artificial basin, chamber, or tank constructed or prefabricated with impermeable surfaces and such pools, bathhouses, and places are used or intended to be used for public swimming, diving, or recreational water activities. "Public Pool" does not include individual therapeutic tubs or baths where the main purpose is cleaning of the body.

The following signs are required:

All signs must have clearly legible letters or numbers not less than 4 inches (102 mm) high, (unless otherwise required). (3120B.1)
