State Contractor License Class <sup>(1)</sup>
<b>(A) General Engineering Contractor</b>
<b>(B) General Building Contractor *</b> A general building contractor not licensed in any other trade is <u>only legally able</u> to install or repair a septic system if they are also doing at least two unrelated building trades other than framing or carpentry associated with the construction project.
<b>(C) Specialty Contractor</b> C36- Plumbing Contractor C42 Sanitation System Contractor

Worker's Compensation? <sup>(2)</sup>
EXEMPT means that the contractor has reported to the State Contractor's Licensing Board that there are no Employees. If the contractor mis-represents this information and an accident occurs on the job, the property owner may be liable. For more information, contact the State Contractor's Licensing Board at 1-800-321-2752.
The California Contractor's Licensing Board is found at this link: <a href="http://www.cslb.ca.gov/">http://www.cslb.ca.gov/</a>
