Public Hearing - Department of Development Services (Neal Road Landfill) Rezone - consideration of a rezone of 69 ± acres from U (Unclassified) to P-Q (Public, Quasi-Public) in order to allow for the expansion of the Neal Road Landfill. The area to be rezoned is a portion of APN 040-600-082, which is 188.84 ± acres in size, and owned by Butte County. A 120± acre portion of this property is developed with the Neal Road Landfill and is zoned P-Q. Upon approval of this rezone project, all of APN 040-600-082 would be zoned P-Q. An Environmental Impact Report (EIR) was certified by the Board of Supervisors on February 12, 2002, to allow the expansion of the Neal Road Landfill. The expansion would allow the landfill to increase capacity and continue to accept waste until approximately 2034. The EIR identified potentially significant impacts to the environment and required mitigation measures to prevent or reduce these impacts to a less than significant level. The Certified EIR is available for review at the Butte County Public Works Department. All of the mitigation measures contained within the EIR would be implemented and monitored by the Butte County Public Works Department.
